Anyone wishing to be tested should register by visiting www.westcentralhealthdistrict.com, or calling the West Central Health District COVID-19 Call Center, at 706-321-6300, Option 1. Hours for the Call Center this week are Monday - Friday from 8:00 am to 5:00 pm, Saturday from 8:00 am to 12:00 pm. There is no charge for testing at any location.

We are currently giving vaccinations to Phase 1A: paid and unpaid persons working in a healthcare setting who have the potential for direct or indirect exposure to patients or infectious materials. Hospital staff, public health clinical staff, EMS, and other first responders, long term care facility (LTCF) staff, and urgent care facility staff are examples of people who will be included in this phase. On January 11, 2021, this phase will expand to include those 65 years of age and older and one caregiver, law enforcement, fire fighters, and other first responders. Those in 1A can register on our website for the vaccine, or call the COVID-19 Call Center, 706-321-6300, Option 1.

When to get tested:

If a person has been exposed (*in close contact for more than total of 15 minutes*) to someone who tested positive for Covid-19, but **does not have symptoms**, that person should remain in quarantine for 14 days, and **wait at least 10 days to be tested**. If a person is symptomatic, or symptoms begin before day 10, then that person should be tested at that time. **Please note that even if your test results are negative, you still must remain in quarantine for the entire 14 days.** Any changes to quarantine times are left up to each local jurisdiction to determine.

Testing is held in the parking lot behind the former Columbus Health Department, on 11th Avenue and Center Street. Hours this week are:

Monday - Friday	9:00 am to 3:00 pm
Saturday, January 9 th	8:00 am to 11:00 am

We urge all individuals to practice these prevention measures:

- **Wear a mask or cloth face covering when you go to a public place.**
- **Remember social distancing:** six feet between you and the person closest to you.
- **Wash your hands** often with soap and warm water for at least 20 seconds or use an alcohol-based hand sanitizer.
- **Get a flu shot!** Recommended for anyone six months of age or older.
- **Avoid touching** your eyes, nose, and mouth with unwashed hands.
- **Avoid close contact** with people who are sick.
- **Stay home** when you are sick.
- **Cover your cough or sneeze** with a tissue, then throw the tissue in the trash.

- **Clean and disinfect** frequently touched objects and surfaces.
